

PRISM CEMENT LIMITED
CORPORATE ENVIRONMENT POLICY

Prism Cement Limited is committed to the best environmental practices and incorporating these into its business strategy and operations and to fostering environmental awareness and responsibility among our stakeholders, including employees, clients and suppliers. The Company is conscious of its responsibility towards creating, maintaining and ensuring a safe and clean environment for sustainable development.

In furtherance of its objectives, the Company is committed to :

- 1) Operate the mines, manufacturing and other facilities in compliance with all applicable laws and regulations related to environment and health & safety of employees and surrounding communities.
- 2) Prepare and maintain plant/site specific legal records listing all the applicable regulations and the compliance requirements.
- 3) Continually improve the environmental performance of organisational processes and products through waste minimization and pollution abatement.
- 4) Minimise consumption of natural resources through the reduction, reuse or recycling of materials, as much as possible.
- 5) Encourage efficient use of energy, water and utilities.
- 6) Purchase products and services, as far as possible, that do the least damage to the environment on a life cycle basis.
- 7) Promote environmental awareness among the employees and encourage them to work in an environmentally responsible manner.
- 8) Communicate the environmental commitment and performance of the organization to its clients, customers and the public.
- 9) Develop and maintain appropriate emergency and response programs where required by legislation or where significant health, safety or environmental hazards exist.
- 10) Develop and maintain greenery in and around its mines, plants and other project units.
- 11) Framing Standard Operating Procedures for its operations including mining.
